QTY: 2

Ice Bin
QTY: 2

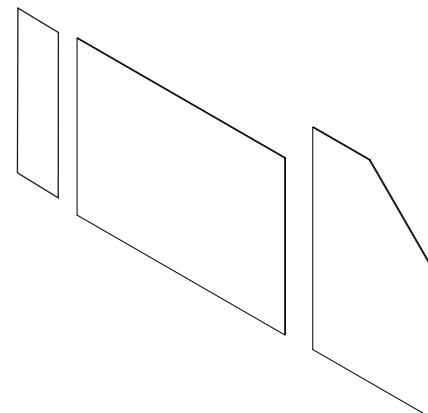

Lock Pin
QTY: 2

Cover
QTY: 1

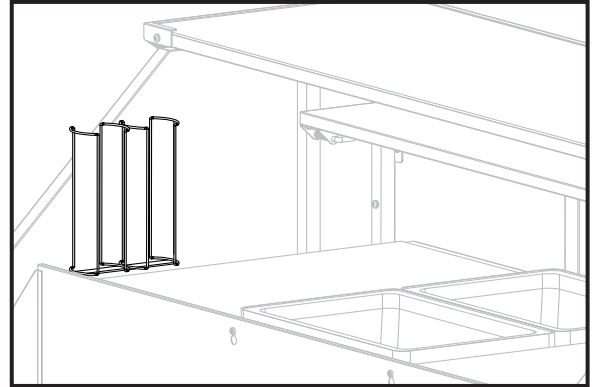

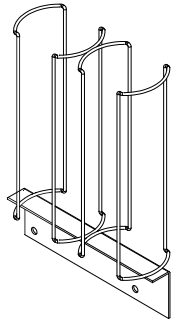

See page 7

Acrylic Panel
QTY: 4

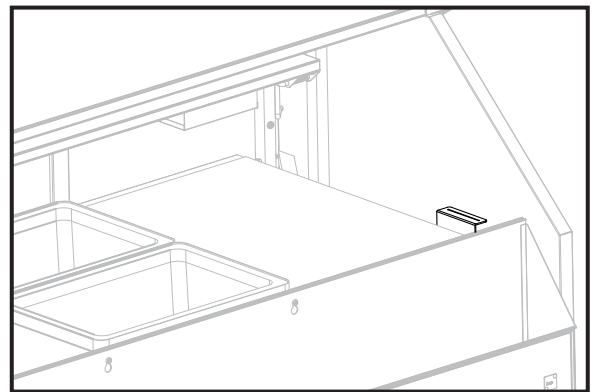

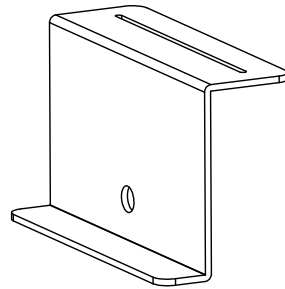

Note: Parts are not to scale.

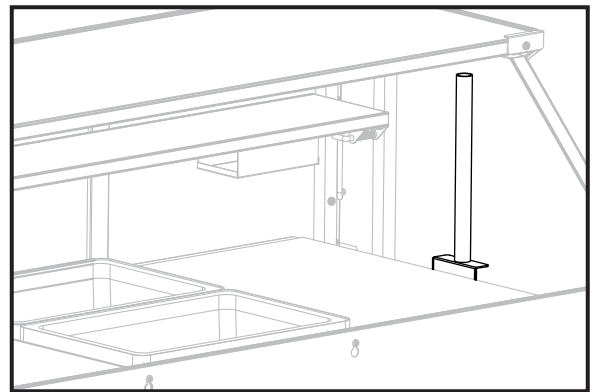

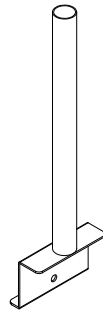

Cup
Holder

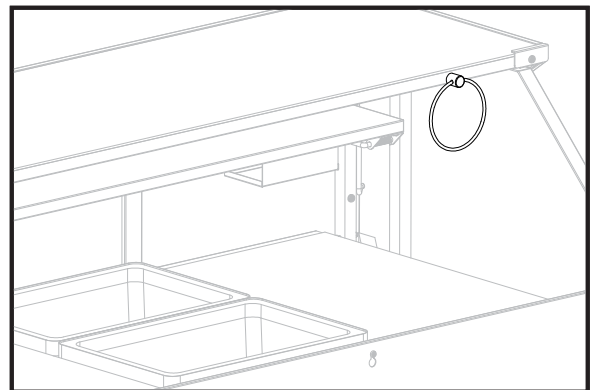

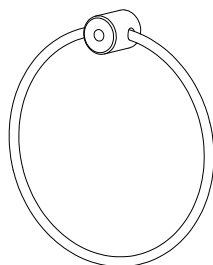

Knife
Holder

Paper
Towel
Holder

Towel
Holder

**Note: All accessories attach with
provided M6 screws and allen wrench.**

Note: You may lower down the levelers during the set up process to help ease the installation.

Levelers are located on both sides of the bottom part of the back panel.

STEP 1: Remove the counter top.

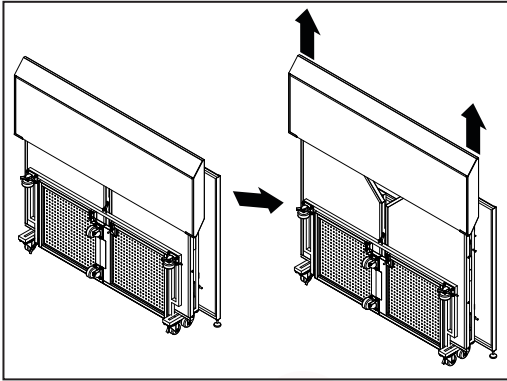

Figure 1

STEP 2: Release the bottom grill by detaching the security hook.

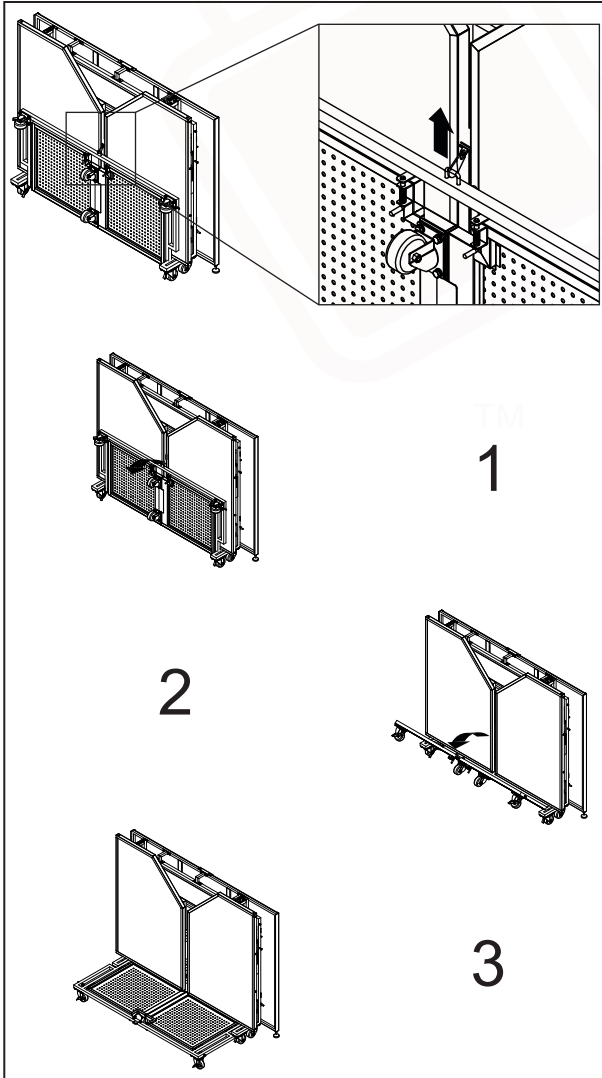

Figure 2

STEP 3: Pull the side frames. Be careful, they will fall before you fully open them.

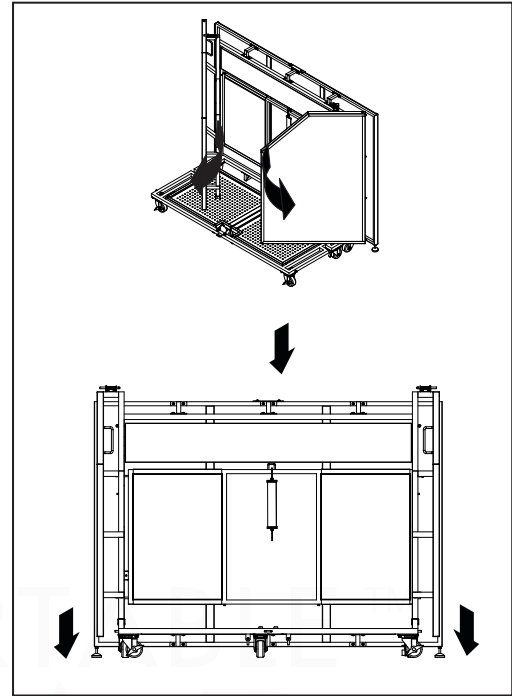

Figure 3

STEP 4: Secure the side frames in place using two locking pins, one on each frame.

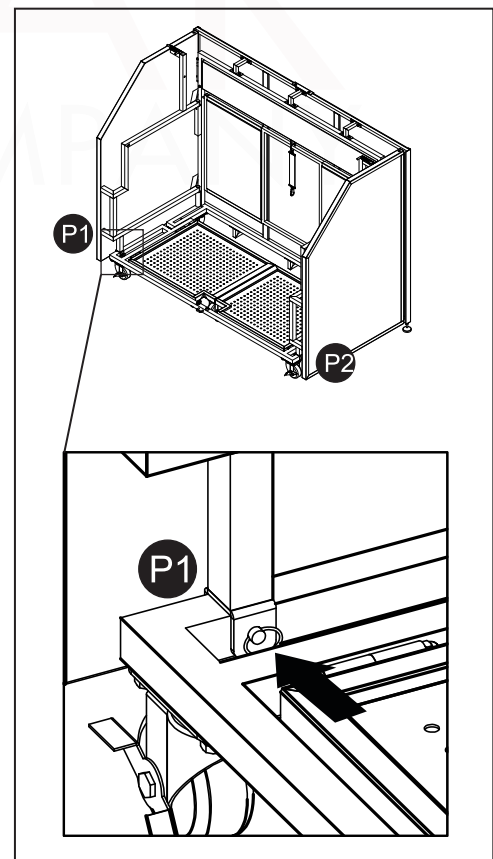

Figure 4

STEP 5: Flip the shelf up and lock it into place using the spring latches: P3 and P4.

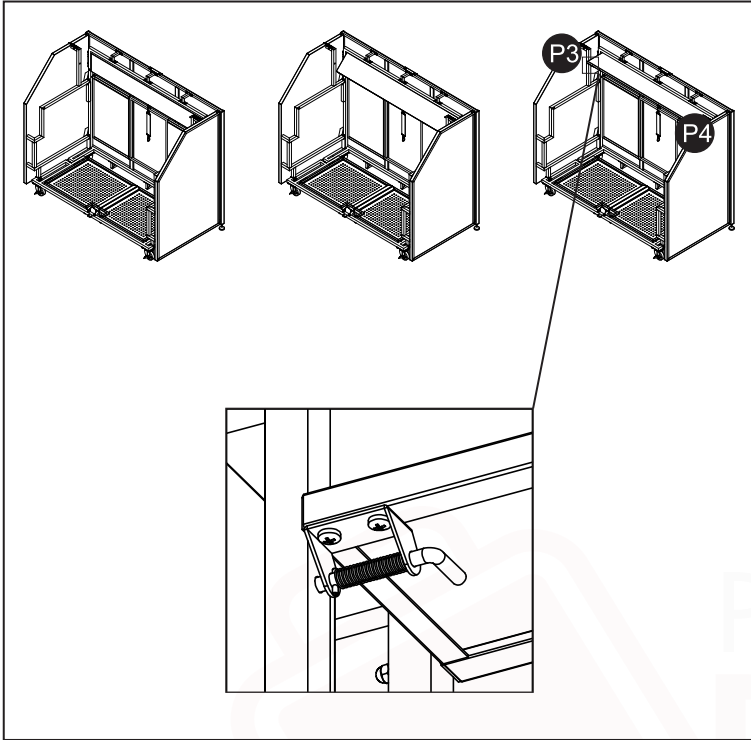

Figure 5

STEP 6: Flip the table and lock it into place using the spring latches P5 and P6.

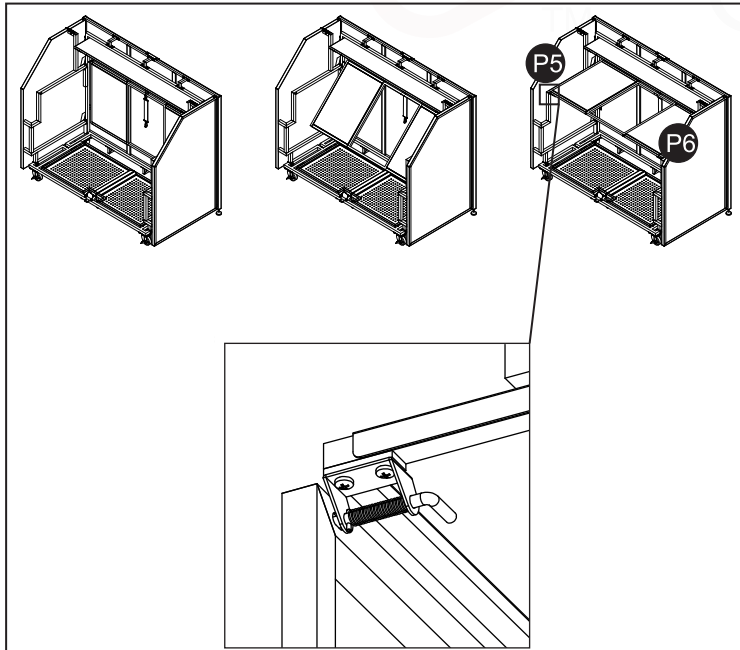

Figure 6

STEP 7: Lastly, hang speed rail from the posts on both sides of the bar and install your provided plastic ice bins or stainless steel ice bins if you opted for the add-on. Be careful when installing ice bins to prevent damage to the bar.

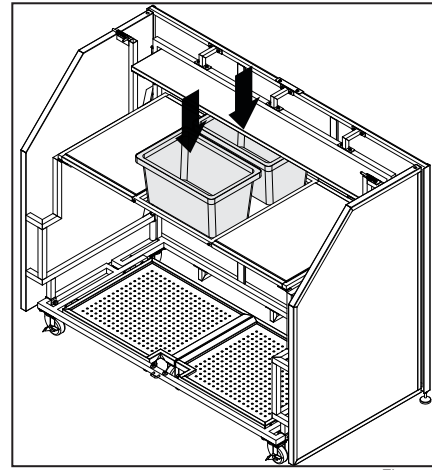

Figure 7

Note: The positions of the cutting board and the ice bins are interchangeable

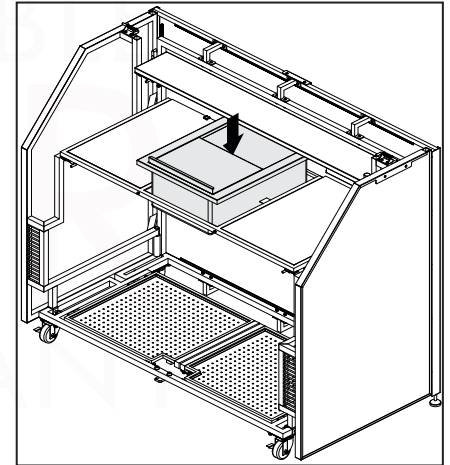

Figure 8

Stainless Steel Ice Bins can be equipped with a gray water tank. If you opted in for this add on, place the gray water tank on the bottom shelf. Make sure the drain attachment is installed tightly and to place drain hose in the tank's opening.

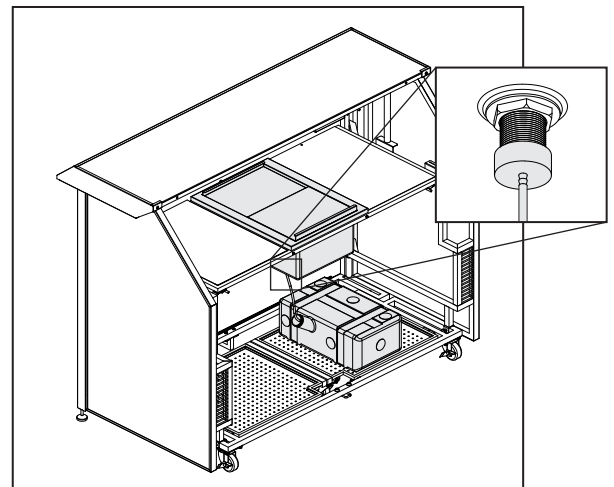

Figure 9

STEP 8: Place the counter top. Then lock it in place using the spring latches **P7** and **P8**. Before placing the counter top you can retain both spring latches with the inner frame for ease of placing the counter top.

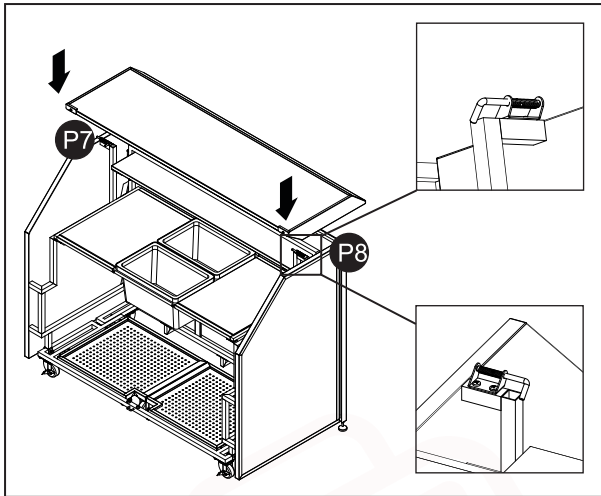

Figure 10

STEP 9: Place the speed rail.

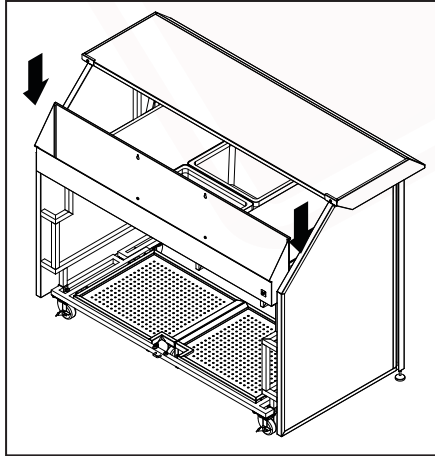

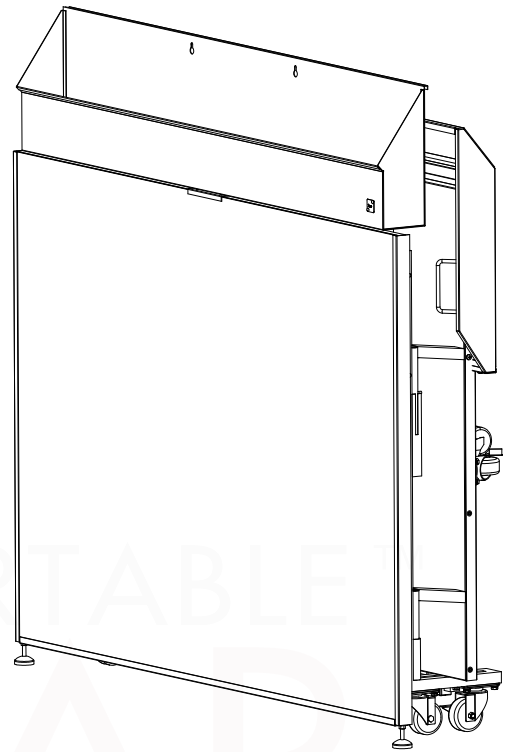

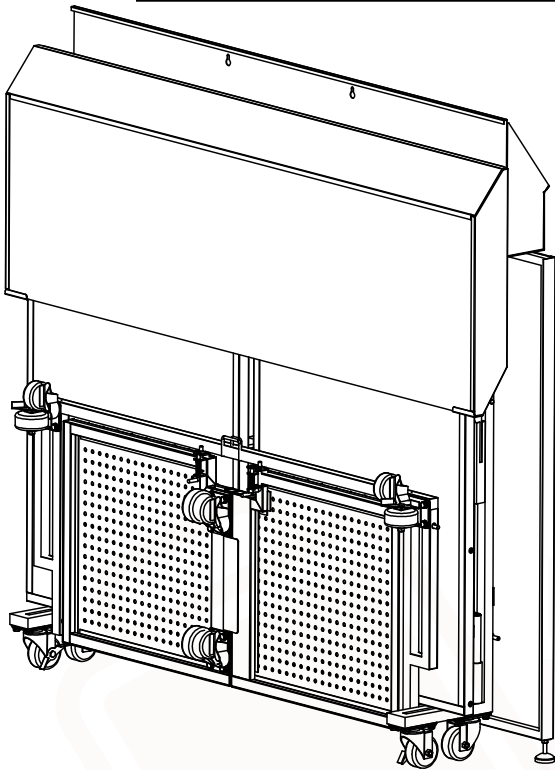

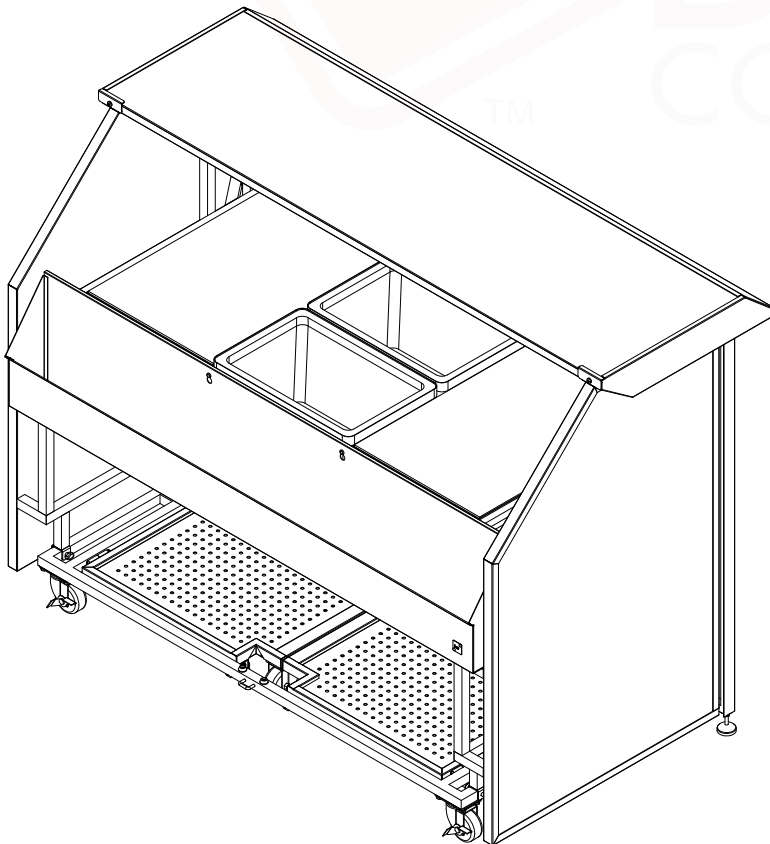

Figure 11

Folded

Note: Remember to put down the levelers before folding the bar.

Unfolded

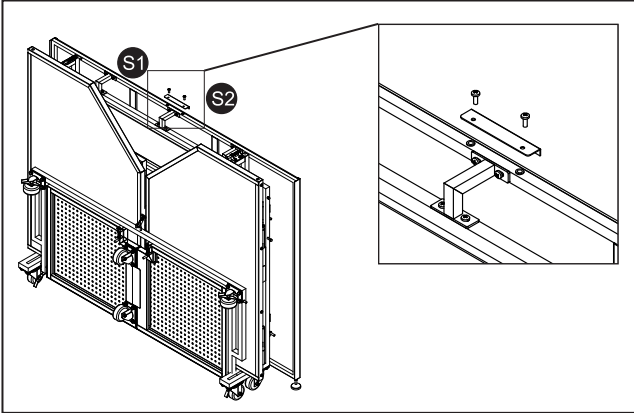

Notes to remember

*Do not move bar long distances fully stacked.
Roll up levelers before moving bar.
Do not roll bar over uneven surfaces.
Two persons required to move bar.*

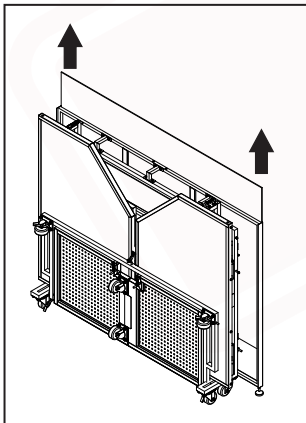

Back Panel

STEP 1: Remove screws **S1** and **S2**. Then remove the tab as shown below.

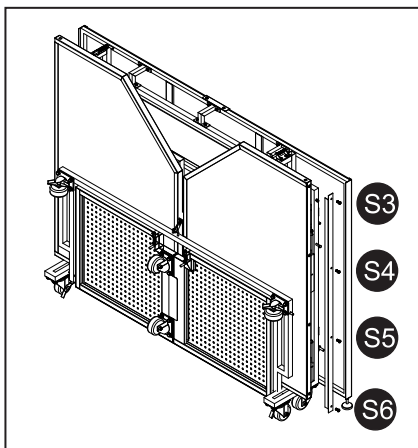

STEP 2: Pull up the acrylic panel.

Note: Remove protection film from acrylic.

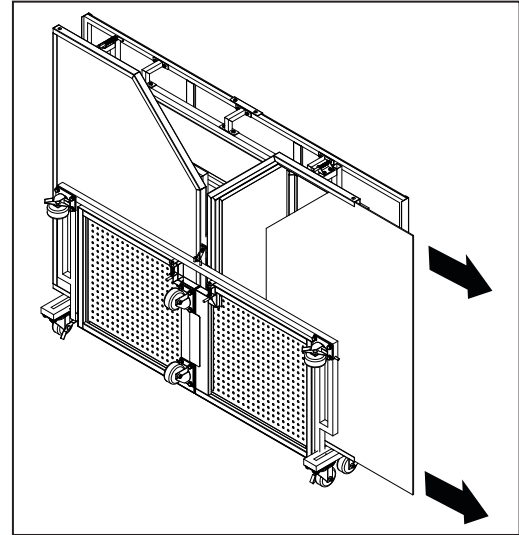

Side Panel

STEP 1: Remove screws **S3**, **S4**, **S5** and **S6**. Then remove the side frame as in the next step.

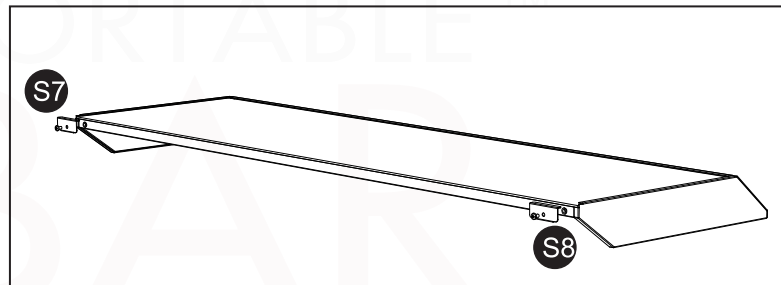

STEP 2: Slide out the side panel.

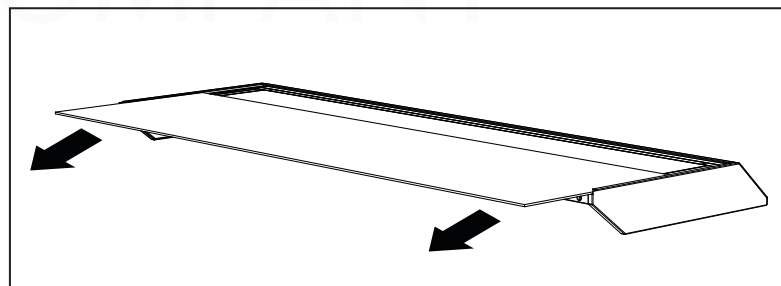

Top Panel

STEP 1: Remove screws **S7** and **S8**. Then remove the tabs.

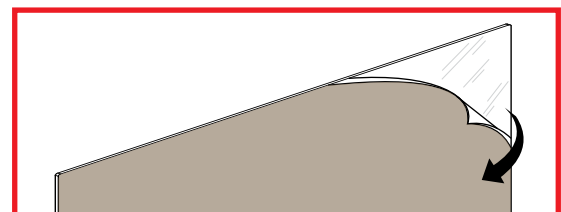

STEP 2: Pull the acrylic panel.

ON ACRYLIC PANELS ONLY

Remove the brown protective film on one or both sides before installing the panels, otherwise, the panels could warp. If you got vinyl printing, the protective film will only be on one side. Don't remove the vinyl printing.
