Battery
QTY: 1

**LED Kit - Main Cabinet** (if Purchased)

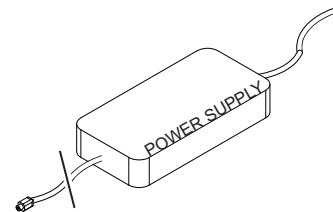

LED Controller (With Velcro tape)
QTY: 1

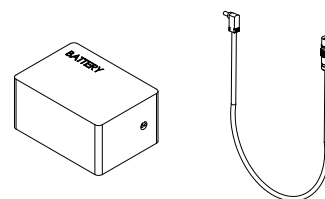

LED Strip (Pre-installed on Main Cabinet)
QTY: 1

Power Adapter
QTY: 1

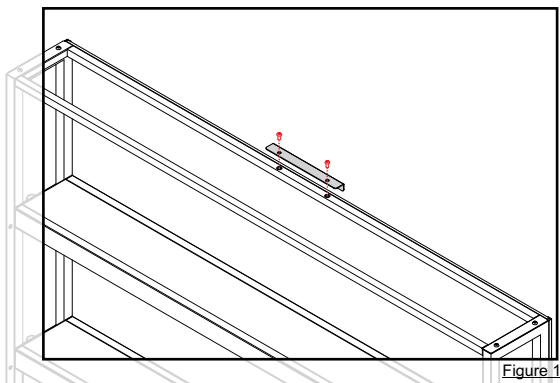

Battery
QTY: 1

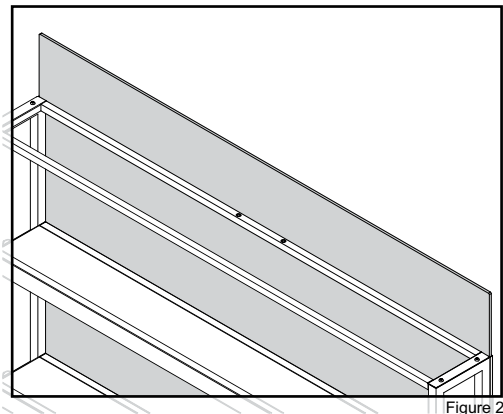

Note: If laminate panel was ordered, skip to Step 5.

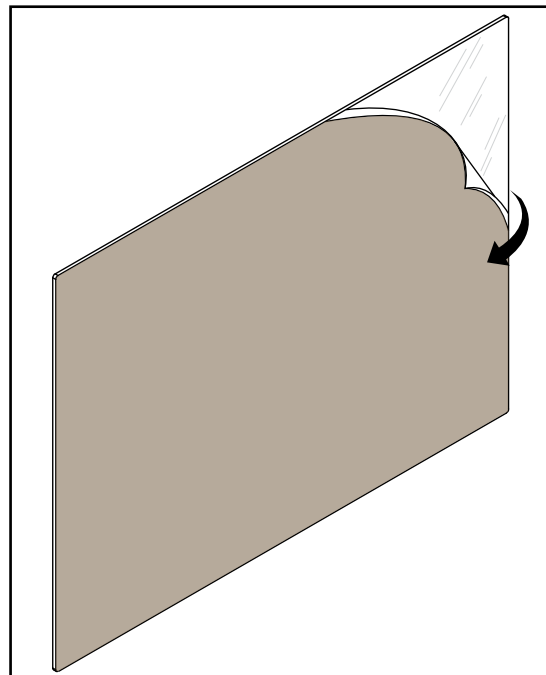

STEP 1: Uninstall the hex screws and security tab at the top of the upper frame.

STEP 2: Pull the acrylic panel out.

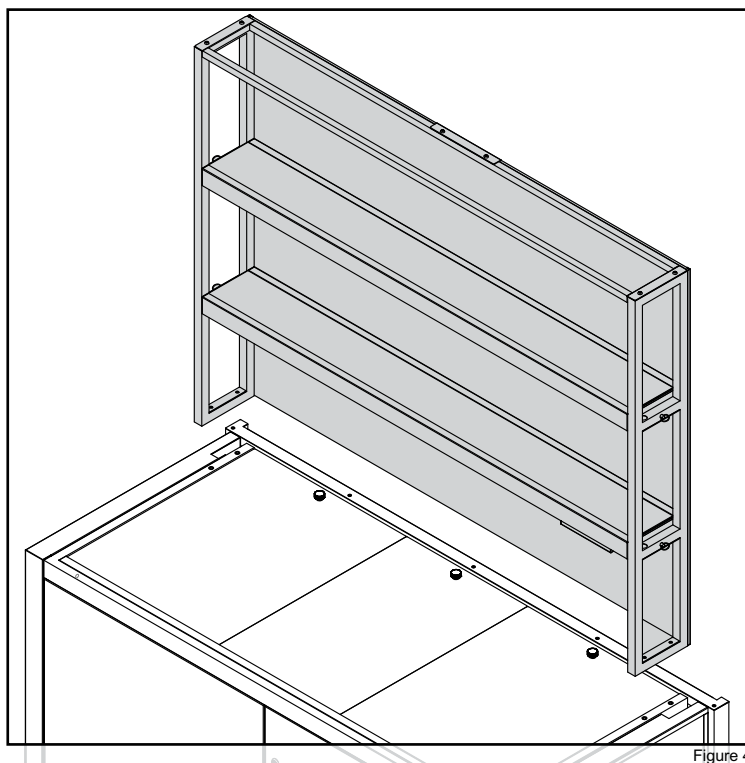

STEP 3: Remove protective film from the acrylic panel.

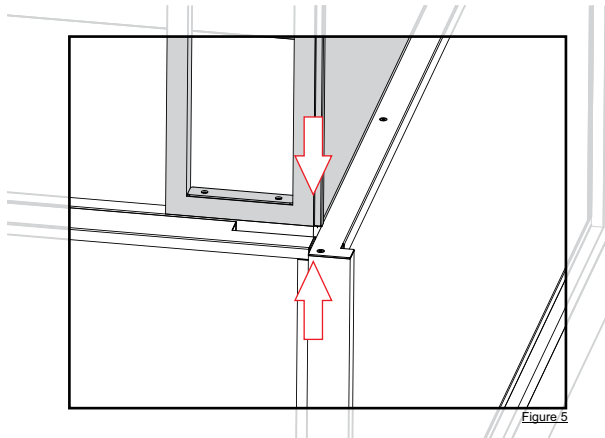

STEP 4: Follow steps 1 and 2 in reverse order to set panel.

STEP 5: Using two people, lift upper frame and place onto main cabinet.

STEP 6: Align the back part of the frame with the back edge of the working surface, as shown below:

STEP 7: Install thumbscrews on both sides of the frame.

Note: Do not overtighten thumbscrews.

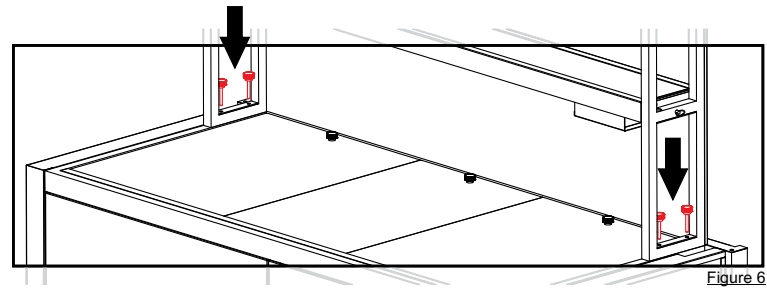

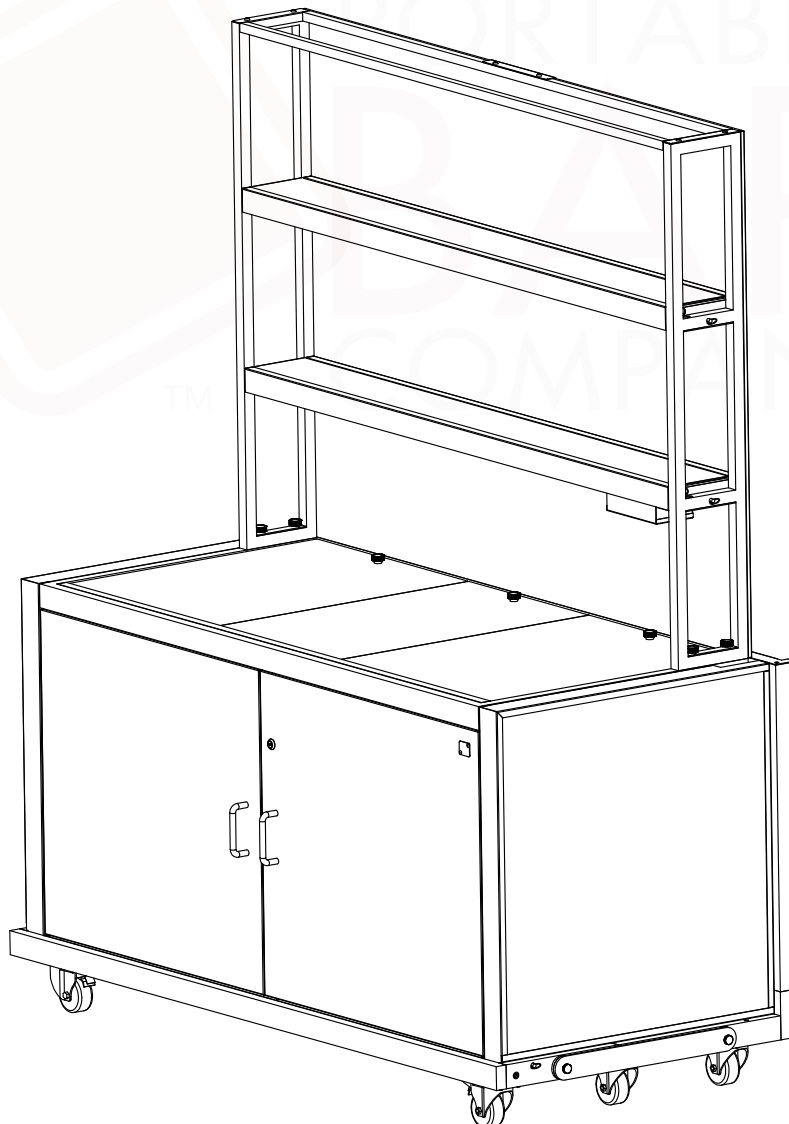

Figure 7. Full Assembly

Folding the Fold+Roll Back Bar

Note: Disconnect controllers and batteries before breaking down the bar.

STEP 1: Uninstall thumbscrews on both sides of the upper frame.

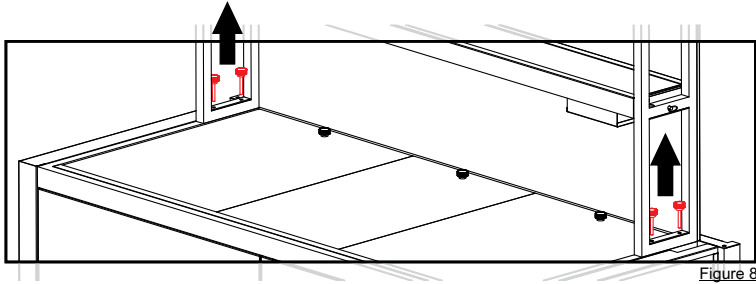

Figure 8

STEP 2: Take the Upper Frame assembly out and place it temporarily on a flat and secure surface using two people.

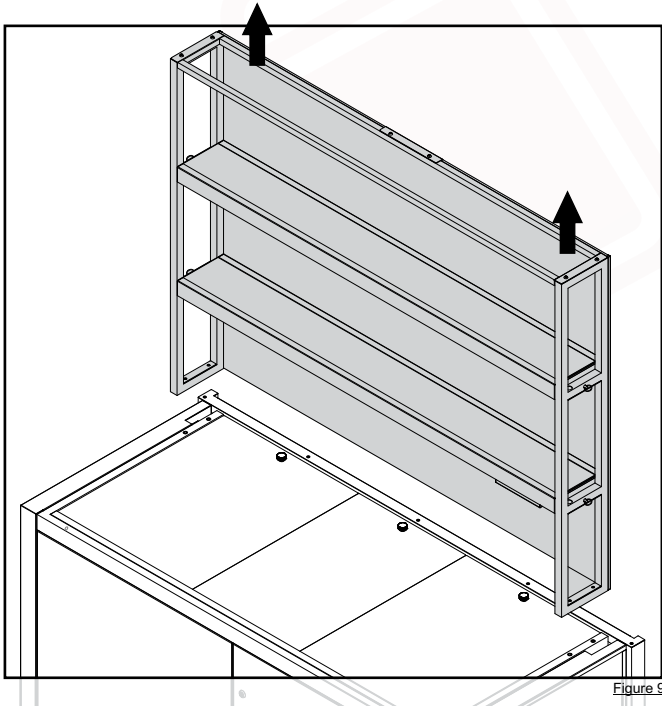

Figure 9

STEP 3: Fully open both doors.

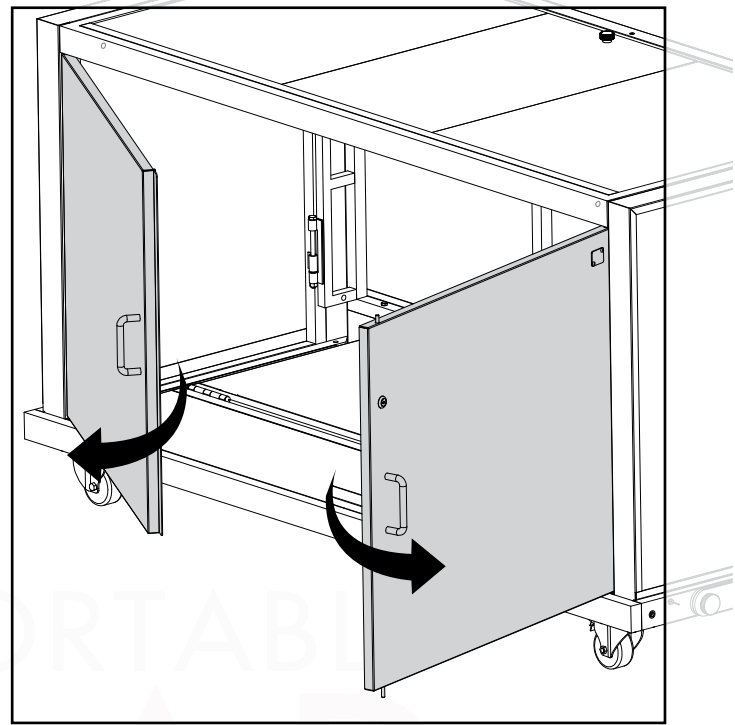

Figure 10

STEP 4: Pull down the spring latch to release the door. Slightly tilt and pull out the door. Do this step with both doors.

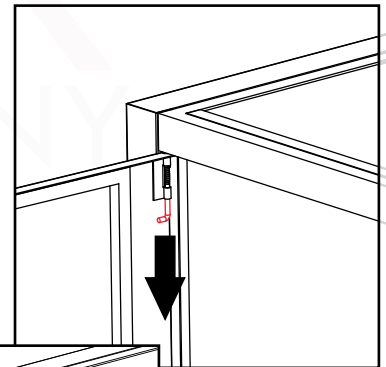

Figure 11

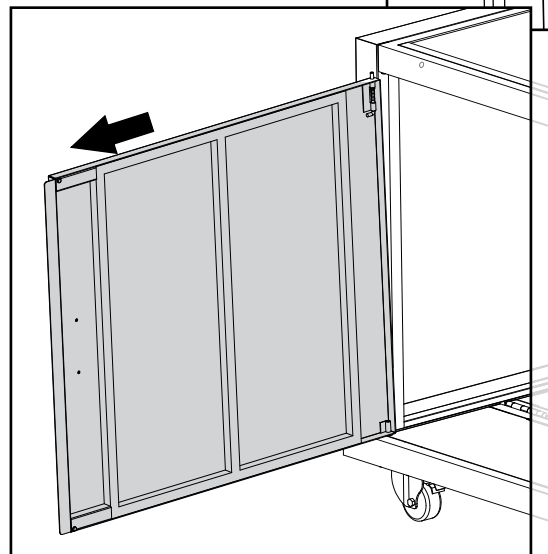

Figure 12

STEP 5: Pull spring latches to release the working surface. Hold the working surface while moving it to avoid damage.

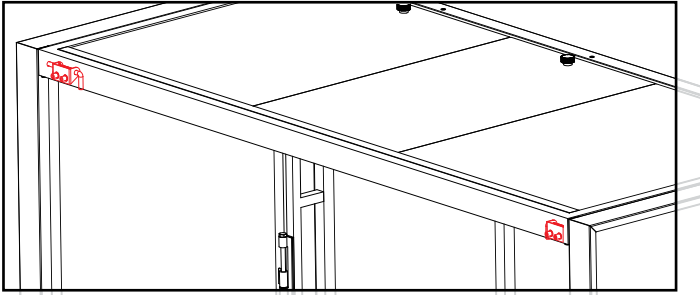

Figure 13

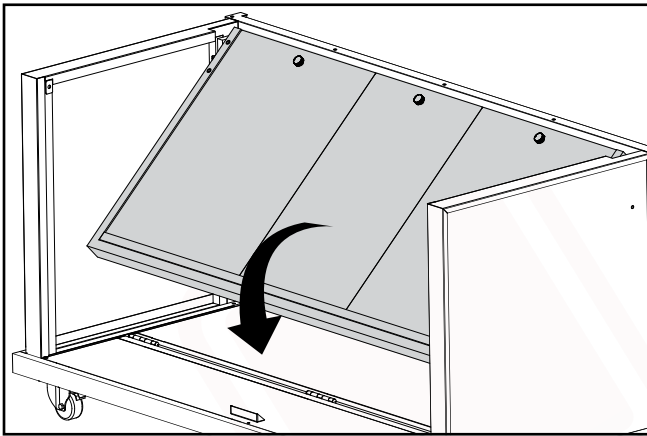

Figure 14

STEP 6: Remove the 4 pins located on side frames, as shown below.

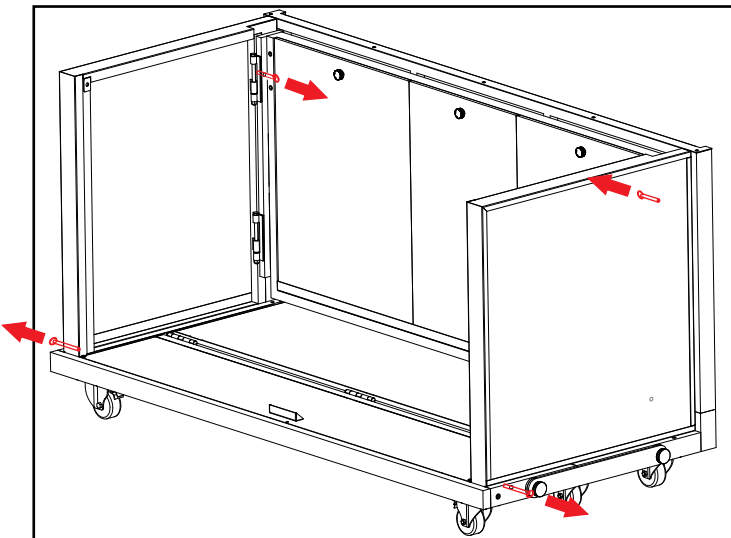

Figure 15

STEP 7: Swing side frames while slightly lifting them.

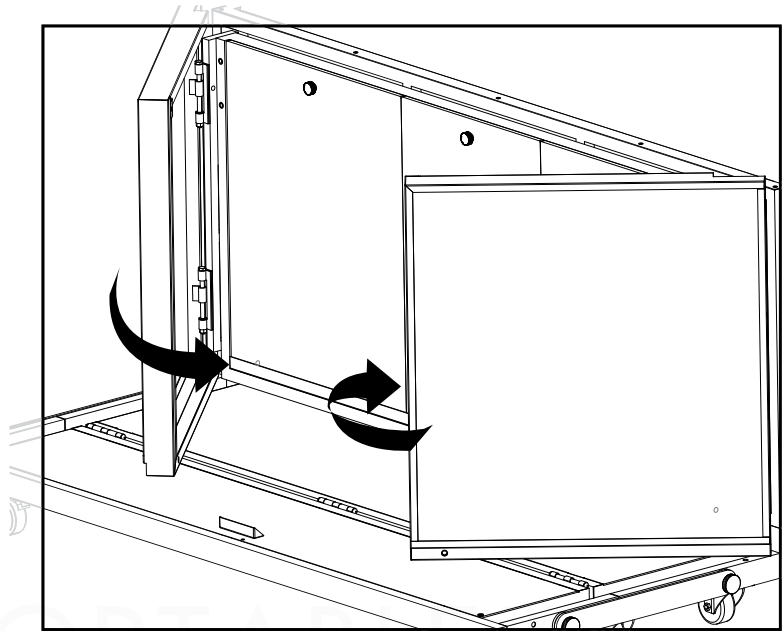

Figure 16

Note: Replace lock pins after swinging side frames.

STEP 8: Unscrew the far back thumbscrew. While you do so, hold the support bar, once the thumbscrew is fully out, the support bar will fall if not supported.

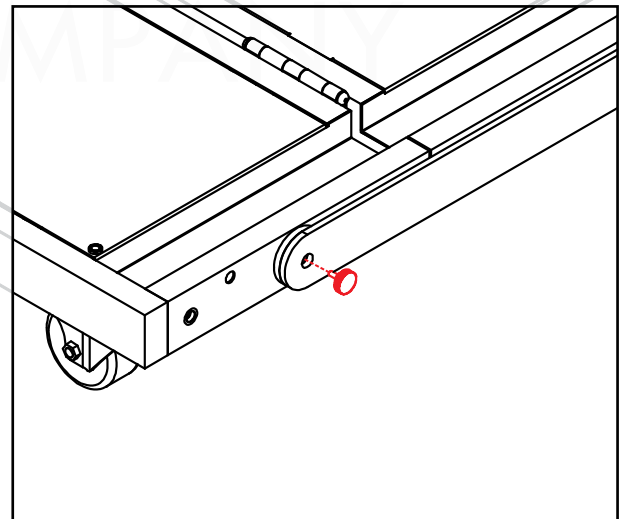

Figure 17

STEP 9: Move up the base of the frame, hold it in place while screwing the thumbscrews back onto the base. As shown below;

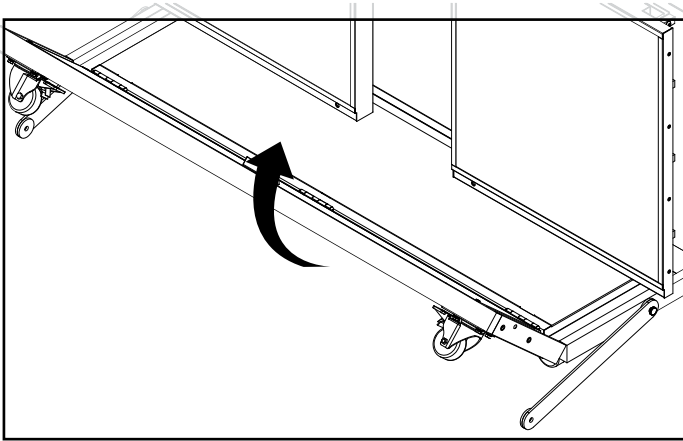

Figure 18

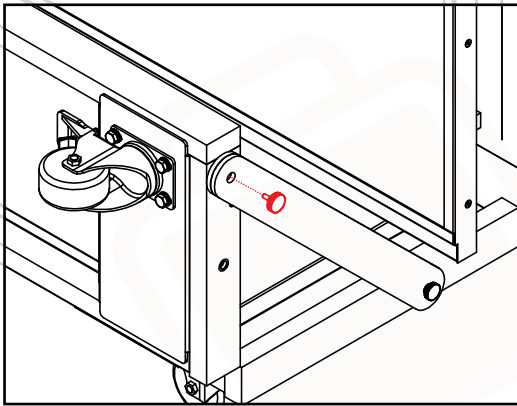

Figure 19

STEP 10: Place upper assembly on the bar's base, as shown;

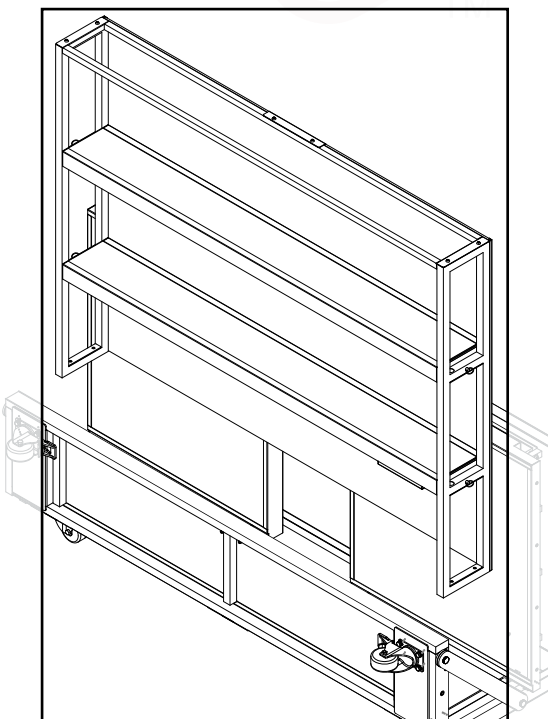

Figure 20

STEP 11: Place doors between upper frame and folded base, then place ice bins onto shelves of upper frame for storage.

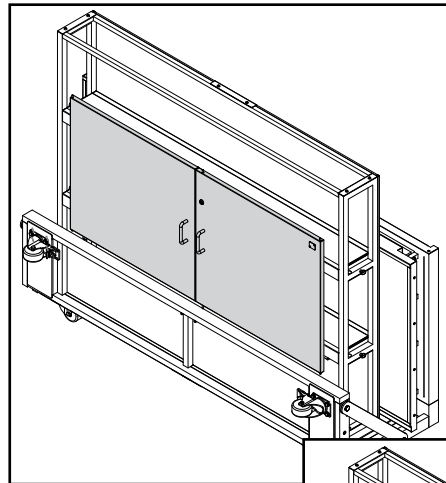

Figure 21

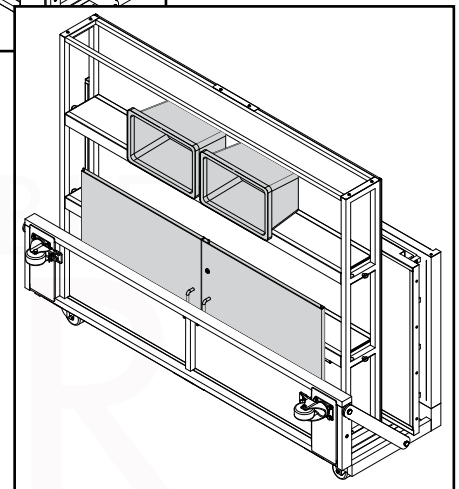

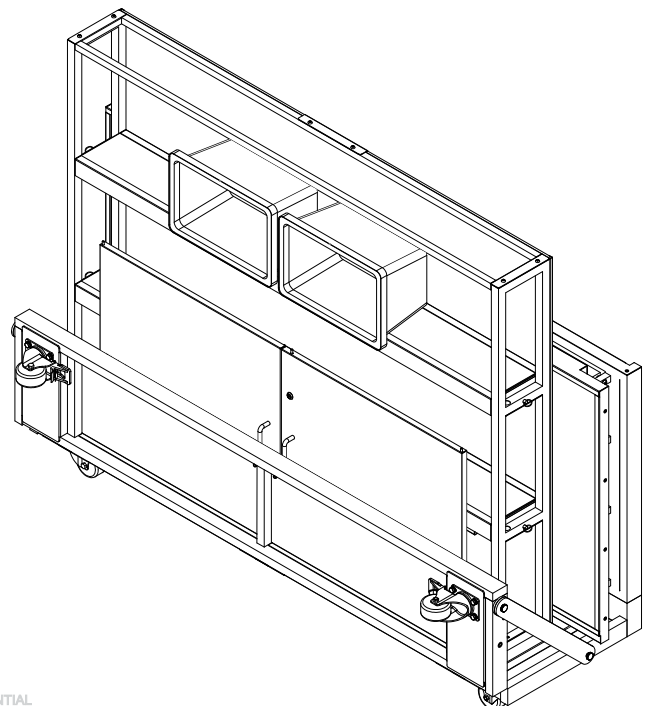

Figure 22

Figure 21. Full Folded Assembly

Ice bins installation

STEP 1: Unscrew thumbscrew of center cutting board.

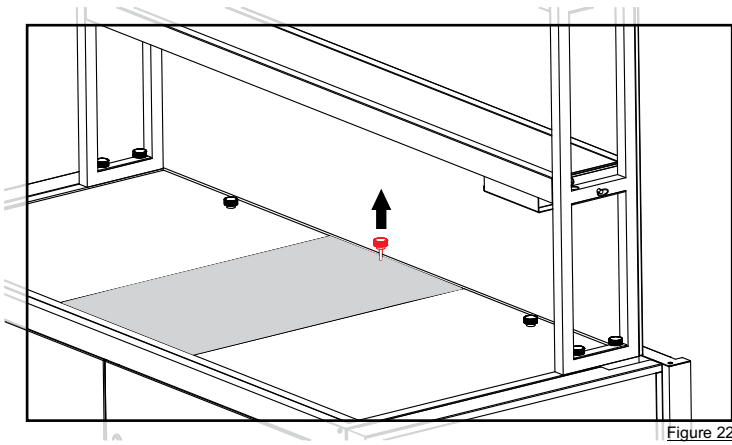

Figure 22

STEP 2: Take the center cutting board out.

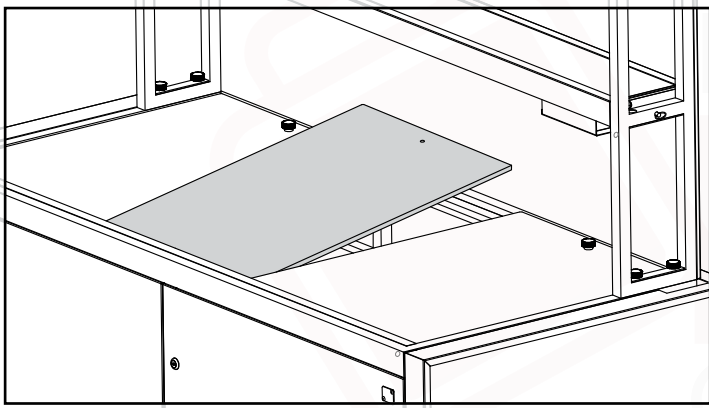

Figure 23

STEP 3: Place ice bins.

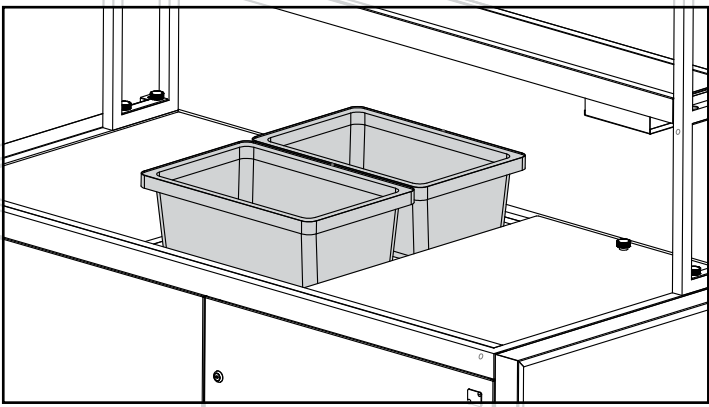

Figure 24

Acrylic panels swapping

STEP 1: Fold down the bar. Follow Steps 1-7 on Page 6.

STEP 2: Remove all the screws located at the sides, and uninstall the security tab, as shown below.

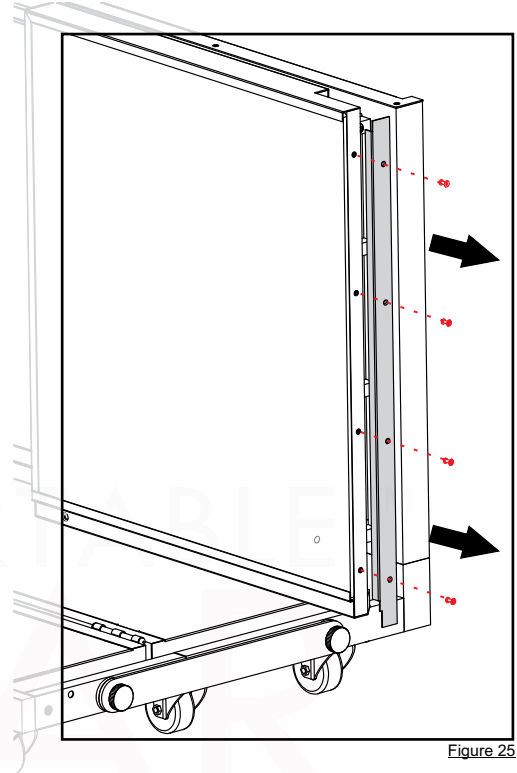

Figure 25

STEP 3: Pull out acrylic panel.

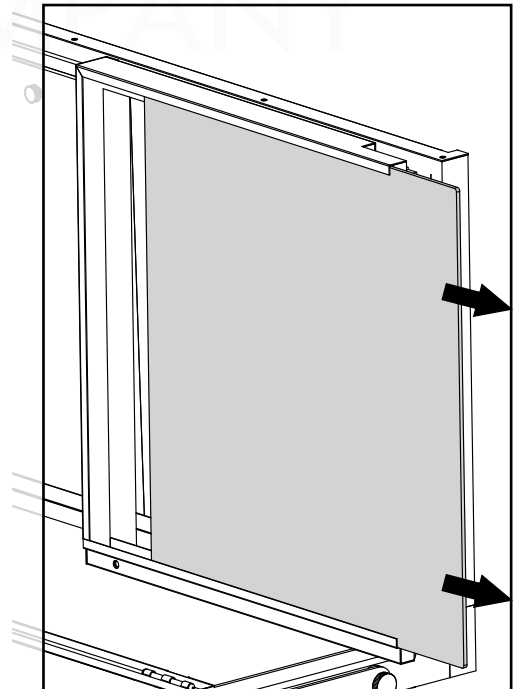

Figure 26

STEP 4: Remove screws and security tab, as in the last step, this time for the back acrylic panel. Once the tab is fully removed, pull out acrylic panel. Handle acrylic panel with care, it can scratch when in contact with hard surfaces.

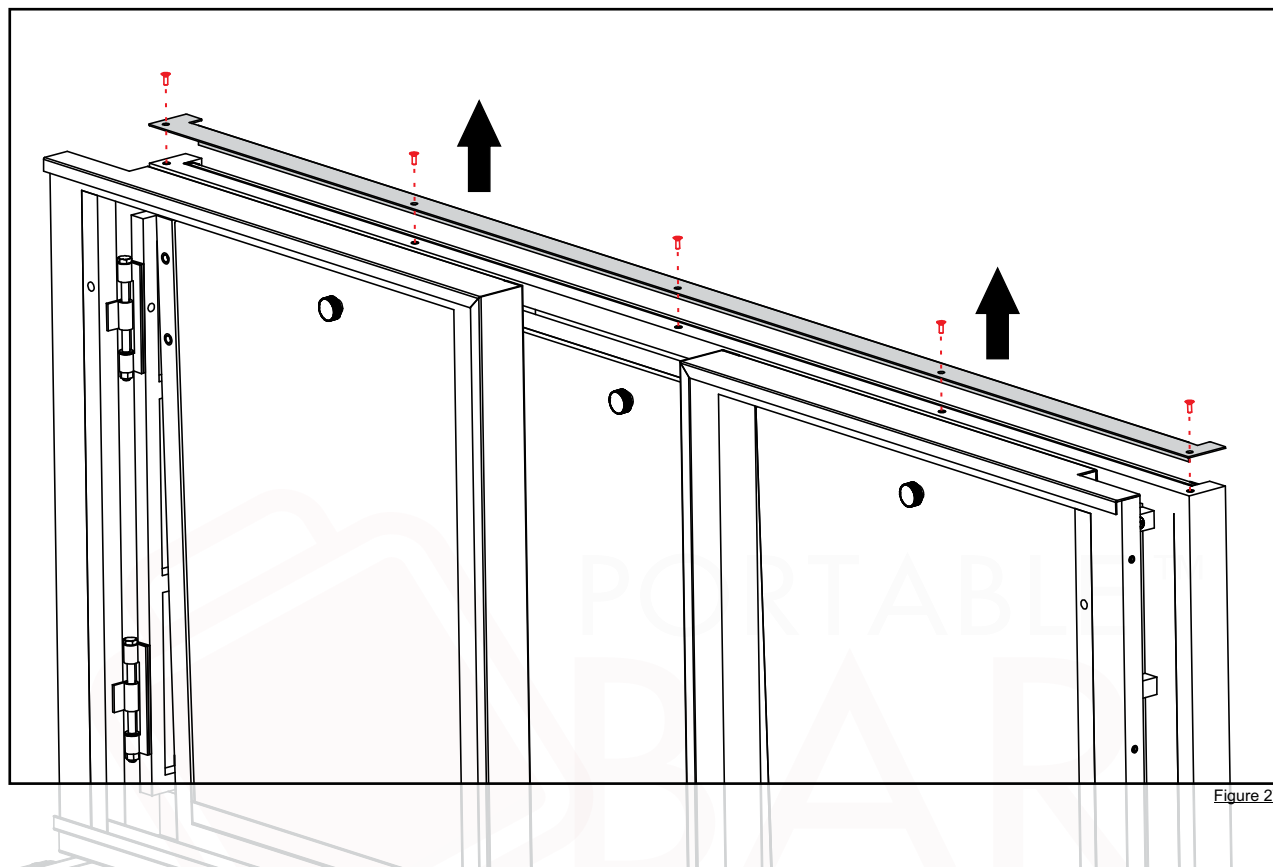

Figure 27

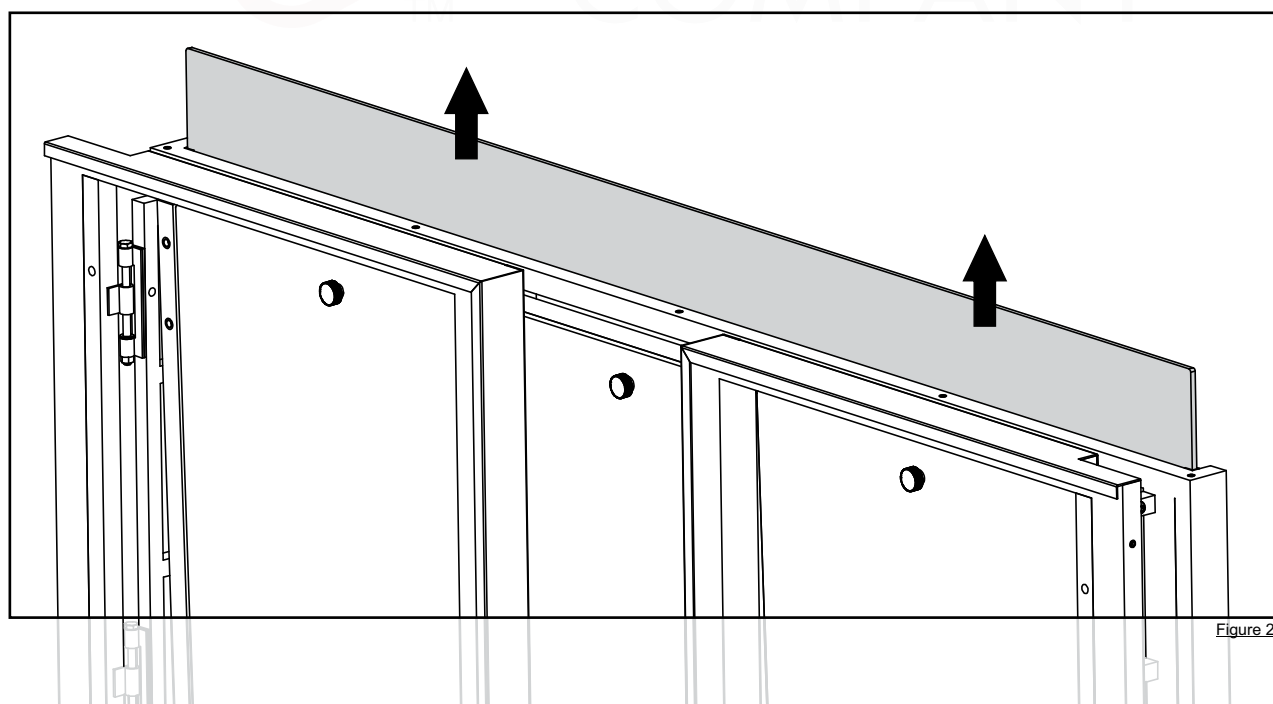

Figure 28

Cabinet LED Kit Installation (If purchased)

STEP 1: Place battery inside the cabinet, as shown below:

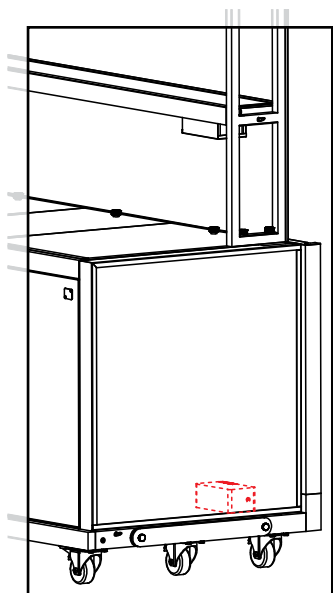

Figure 29

STEP 2: Using the included velcro tape, place the LED Controller as shown below;

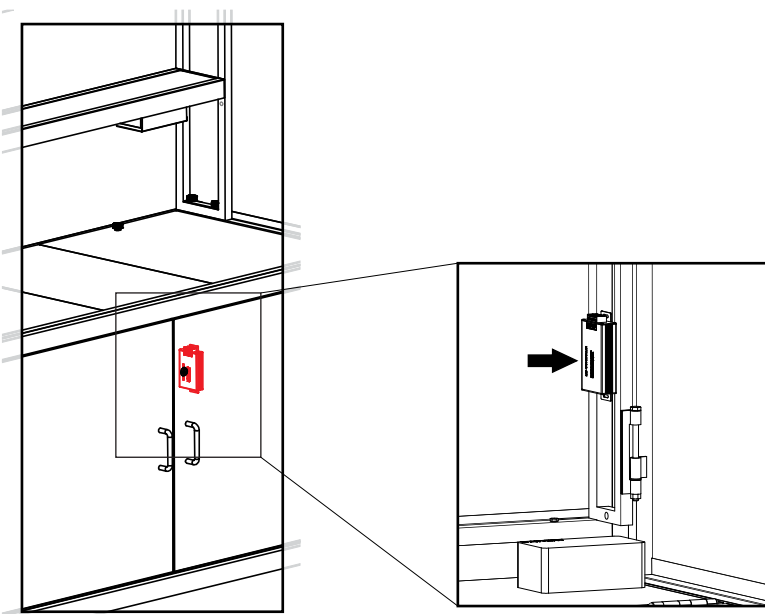

Figure 30
