Note: This setup requires 2 or more persons.

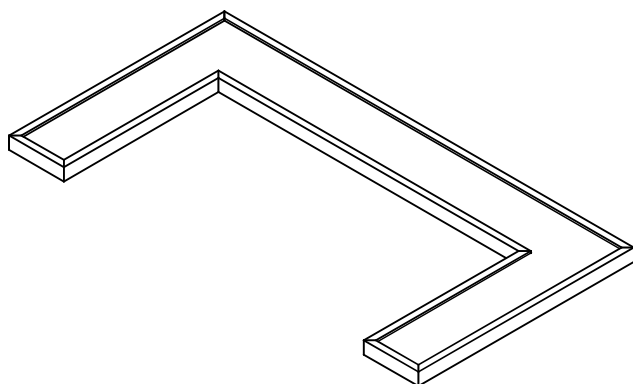

Main Frame
QTY: 1

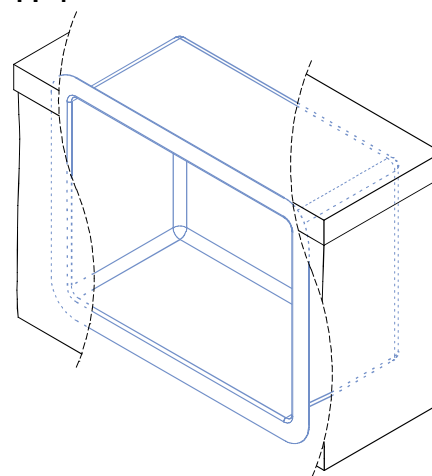

Speed Rail
QTY: 1

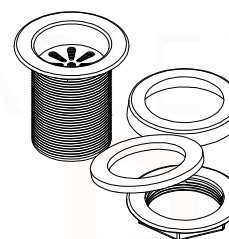

Counter
QTY: 1

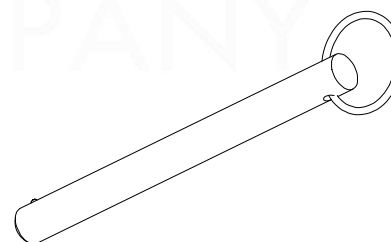

Ice bin/Cover
QTY: 1

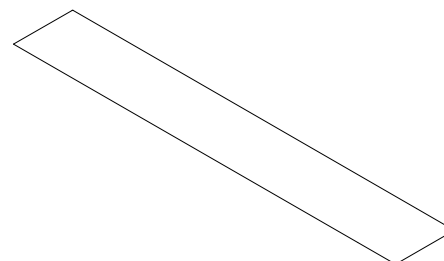

Drainer
QTY: 1

Locking Pin
QTY: 2

Laminated Base Panels (Add-on only)
QTY: 2

Note: Parts are not to scale.

WARNING: Please take the bar out of the pallet with extreme caution. The bar is heavier than it looks. You will need the assistance of 2 or more persons.

TO COMPLETE THE SETUP OF THE BAR:

STEP 1: Mount the speed rail to the bar, as shown below:

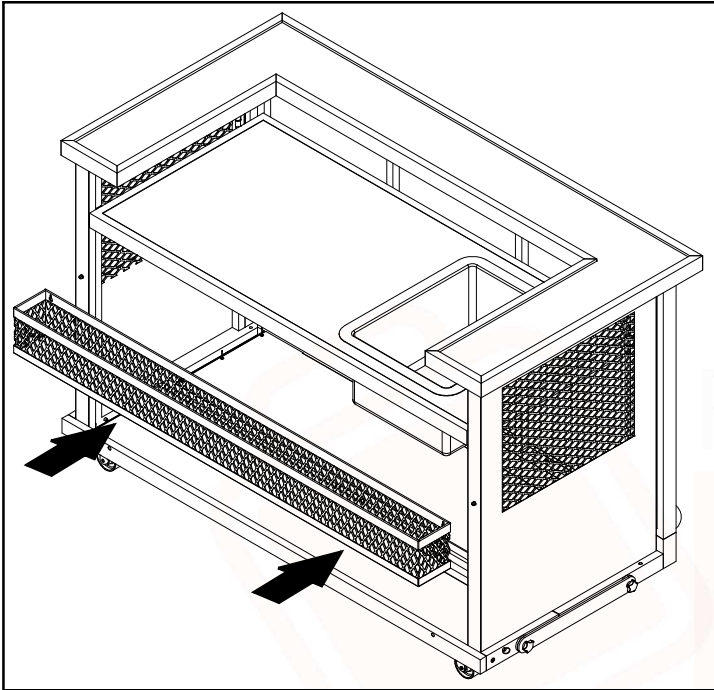

Figure 1

STEP 2: Install the drainer as shown below:

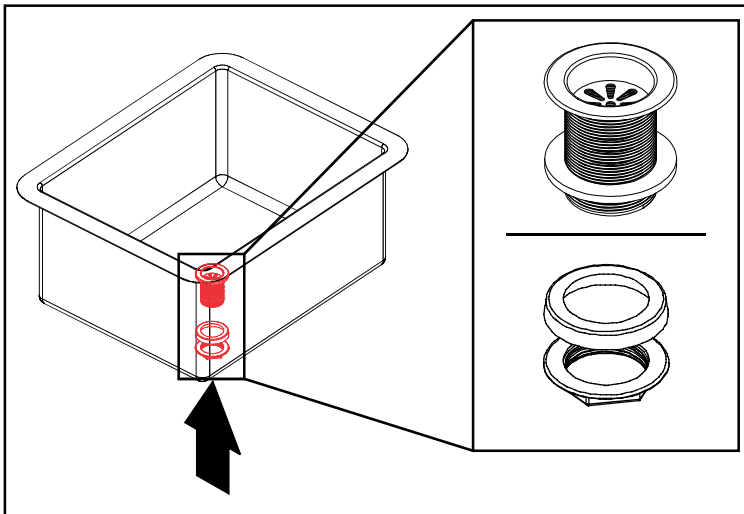

Figure 2

DISASSEMBLY STEPS:

STEP 1: Dismount the speed rail.

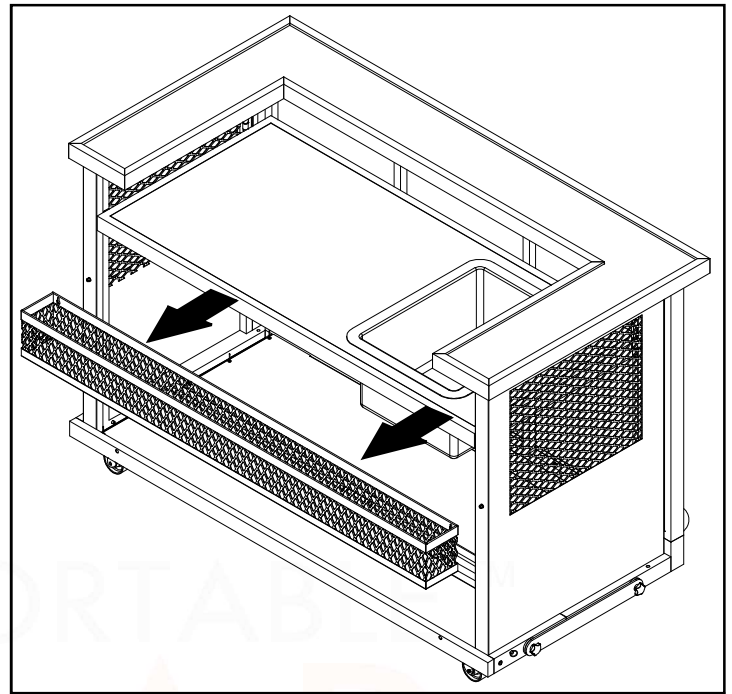

Figure 3

STEP 2: Take the icebin out.

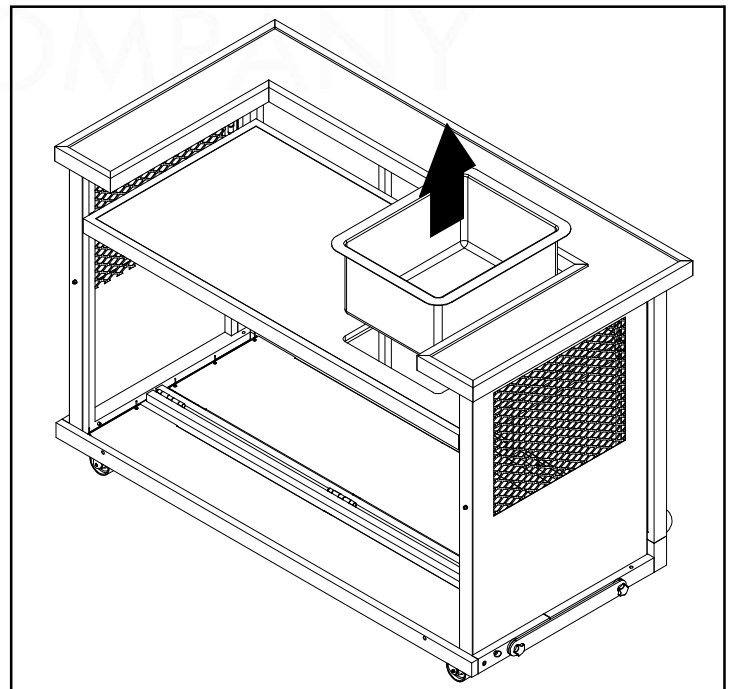

Figure 4

STEP 3: Use the spring latches located at the sides of the counter to release it.

Note: This step requires two people.

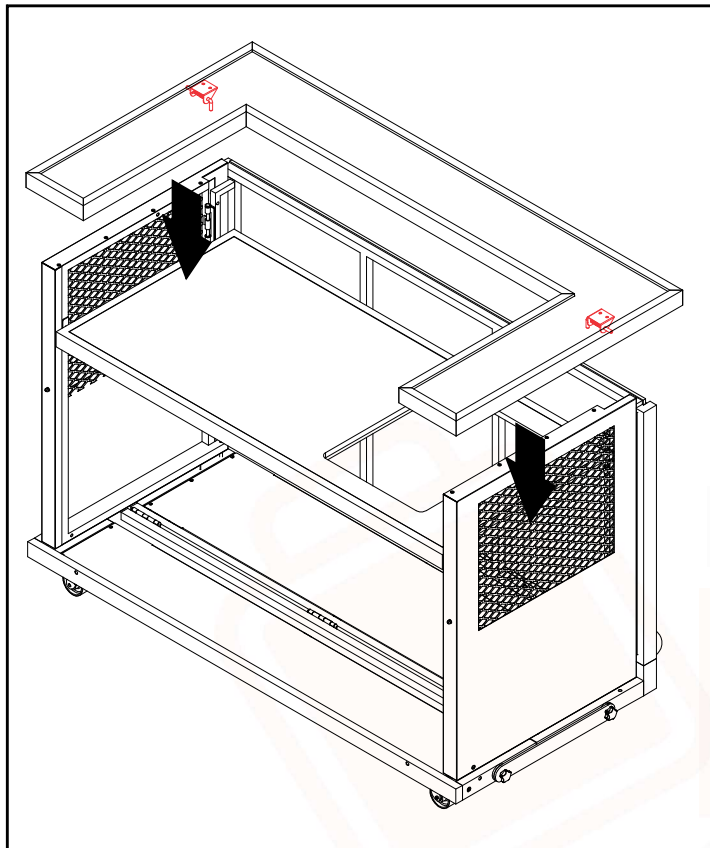

Figure 5

STEP 4: Use the spring latches located at both sides of the shelf to release it. Do it carefully, once you release it the shelf will fold down.

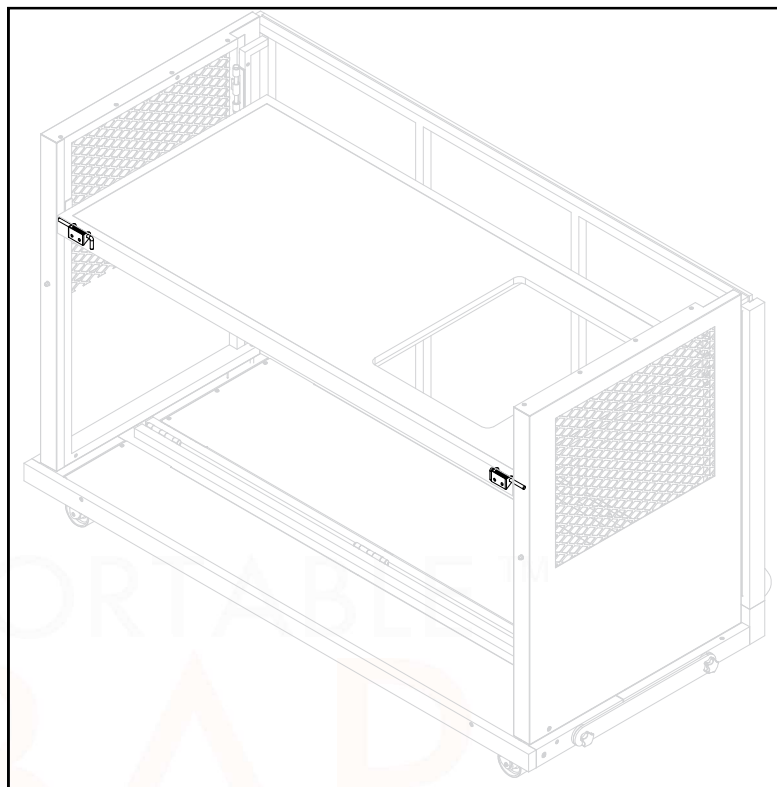

Figure 6

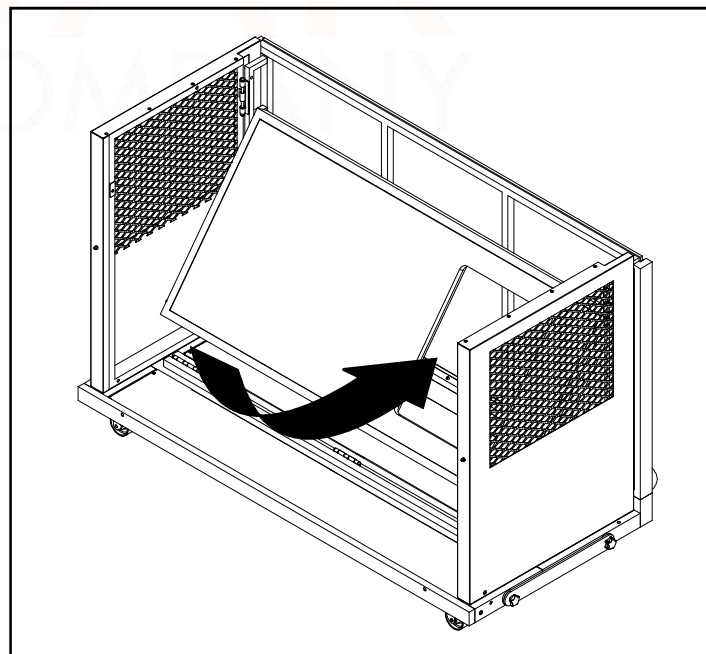

Figure 7

STEP 5: Remove the locking pins located at the sides of the base panel. Then fold the side panels by slightly lifting them up.

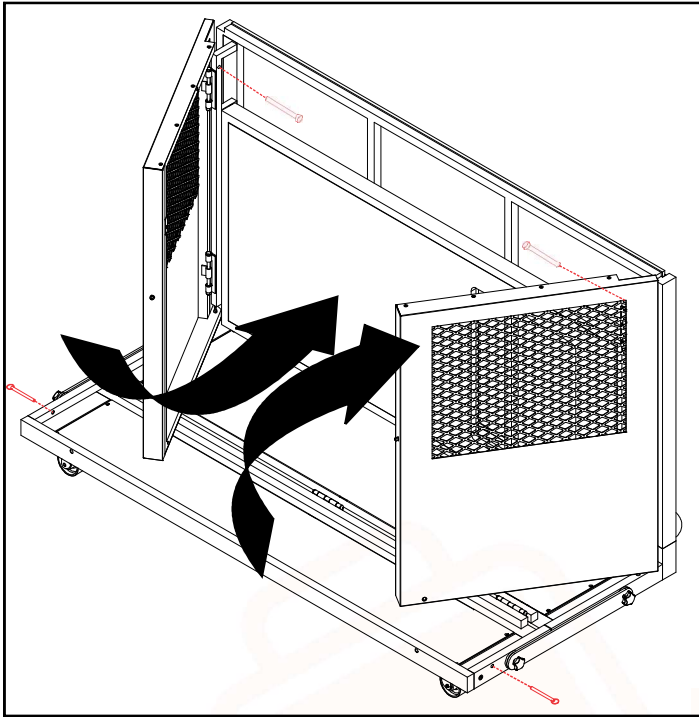

Figure 8

STEP 6: Unscrew the star knobs located at both sides of the bar. Tighten the star knobs after folding the base, as shown below:

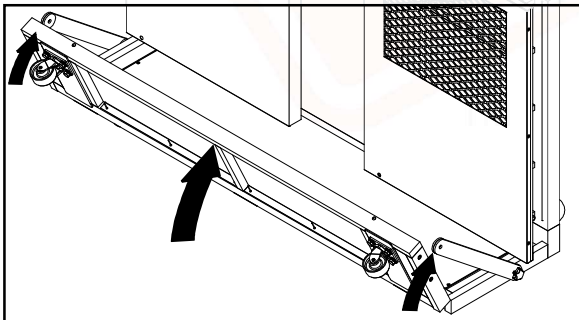

Figure 9

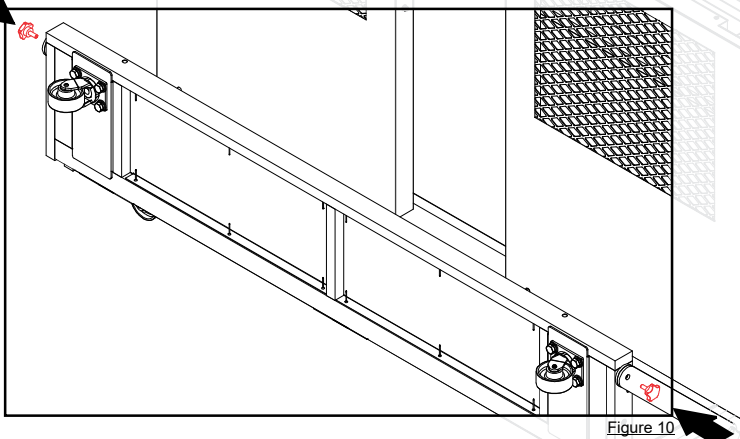

Figure 10

STEP 7: Place the counter on top of the folded position of the base. Use the posts located at the sides of the counter to keep it in place.

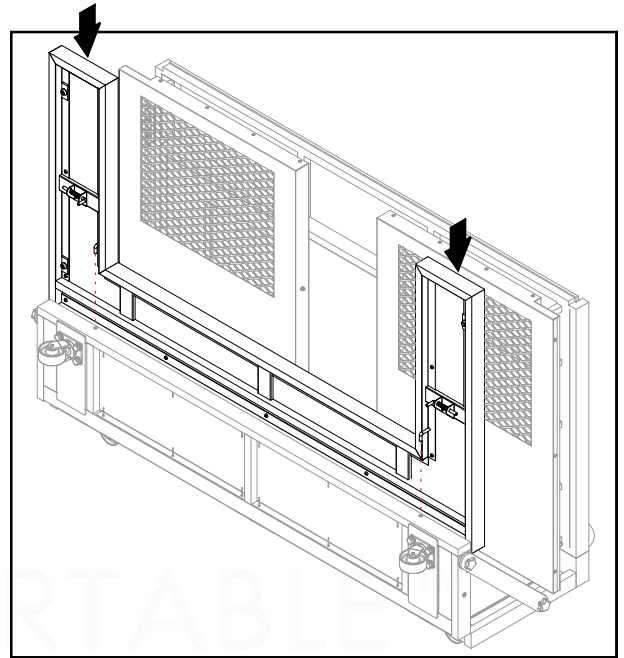

Figure 11

STEP 7: Cover the ice bin and store it along with the speed rail as shown below:

Counter w/LED strip
QTY: 1

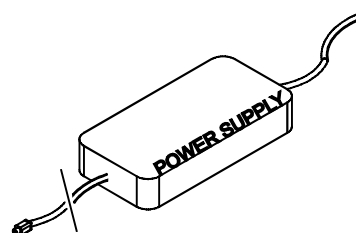

Battery
QTY: 1

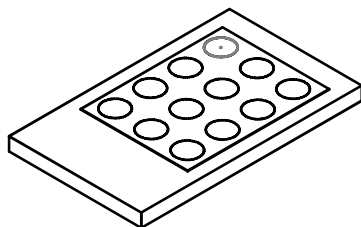

LED Controller
QTY: 1

Power Cord
QTY: 1

Remote Controller
QTY: 1

Note: Parts are not to scale.

STEP 1: The LED controller will arrive pre-wired and with velcro tape applied. Choose a location that best fits your needs with applying it to the back panel beneath the working surface or on the under side of the working surface by removing the tape backing.

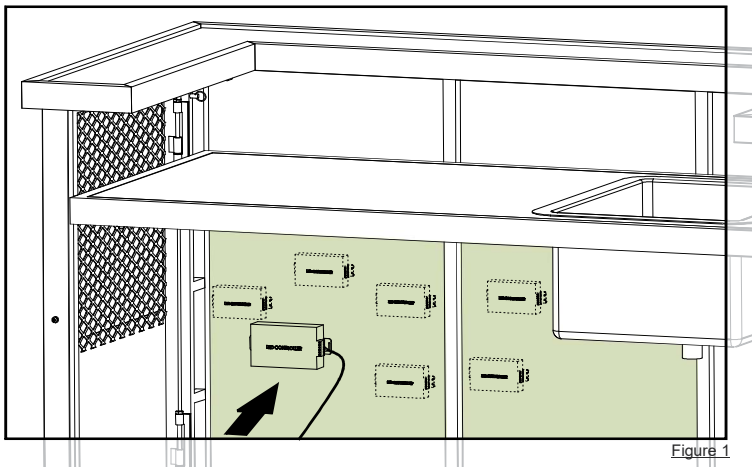

Figure 1

STEP 2: Connect the cable from the LED controller to the LED strip attached to the top counter via the male and female plugs.

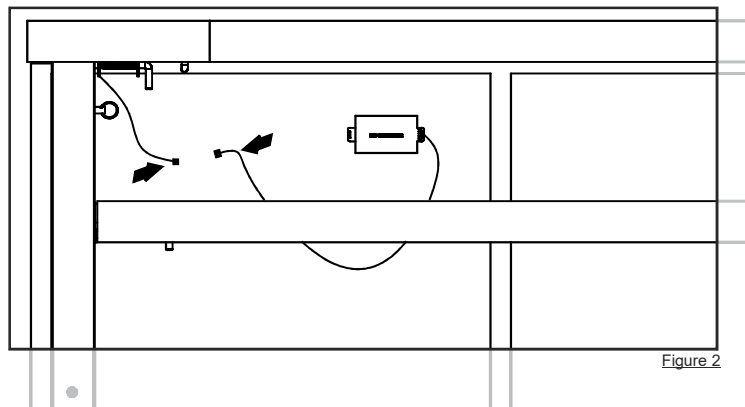

Figure 2

Note: When disassembling and folding the bar, unplug the LED strip from the controller when removing the counter to avoid damages.

STEP 3: Plug the battery (or power cable) into the controller to turn on LED system with the provided cable. Place the battery on the base on the bar. .
